Junior School Clubs & Outreach

(website printed version)

Clubs

All girls from Grades 3 to 7 attend Clubs which are held on a Friday afternoon. A variety of clubs are offered to the girls and they choose a different club each term so that they are exposed to many different interests. Participation helps them to develop organisational skills, enables social networking and equips them with life skills.

Below are some of the standard clubs on offer with additional clubs added to this list, according to the girls' interests:

- Computer Club
- Cooking Club
- Debating
- Green Team (Environmental Club)
- Junior School Wind Ensemble

Outreach

The challenge to instil an awareness of social justice issues and develop empathy towards others is taken very seriously. It is hoped that girls' hearts will be stirred in such a way that Outreach will become an integral part of their lives. The development of a heart of compassion is valued.

Each grade adopts an Outreach venture each year and this makes them aware of the needs of the wider community and awakens in them a sense of responsibility towards their physical and social environments.

Junior School teachers are also involved in a peer workshop programme, Partners in Education (PIE), and regular workshops are held at TWC for teachers from other schools.
