

The Wykeham Collegiate

Member of the Independent Schools' Association of Southern Africa

Senior School Academic Studies

(website printed version)

The Wykeham Collegiate follows the national curriculum of South Africa and writes the examinations through the Independent Examinations Board (IEB).

The IEB emphasises problem-solving skills and the application of knowledge, thus influencing the teaching methodologies of the school and ensuring that girls are well prepared for their tertiary studies. Our girls develop a good work ethic, acquire many academic skills, and are well-equipped for their future studies.

GRADES 8 & 9

In these Grades, girls study two Languages, Mathematics, Physical Sciences, Life Sciences, Consumer Studies, History, Geography, Accounting, Business Studies, Dramatic Arts, Visual Arts, Life Orientation and Technology. As part of the Accounting and Business Studies programme, every girl has the opportunity to learn business and marketing skills, and to run her own business.

GRADES 10 TO 12

In Grades 10 to 12 the following subjects are offered:

- Languages:
 - English (Home Language),
 - Afrikaans and isiZulu (First Additional Language) and
 - French (immigrants only) and German (Second Additional Languages and dependent on demand – at additional cost to parents)
- Mathematics and Mathematical Literacy
- Life Orientation
- Physical Sciences and Life Sciences (Biology)
- History and Geography
- Visual Arts, Dramatic Arts and Music
- Accounting, Business Studies and Consumer Studies
- Computer Applications Technology (CAT)
- Sport & Exercise Science

Girls may also choose to study Advanced Programme Mathematics and Advanced Programme English.

GRADE 12 RESULTS

TWC boasts a track record of excellent Matriculation results, with an annual pass rate of 100%. The calibre of teaching ensures that each girl is helped and encouraged. Extra tutorials are offered in every subject to those who experience difficulties, and the wide flexible subject choice also allows the girls to choose to study the subjects they enjoy.
